

## WHY

Why  
In the 21<sup>st</sup> century  
Has the German govt  
Invested  
½ million euros  
In a Gypsy camp  
Built on toxic wasteland  
Where everyone is being  
poisoned?

Why  
In the 21<sup>st</sup> century  
Has the German govt  
Deported from Deutschland  
Kosovo Gypsies  
Who end up  
In this camp  
Where every child is born  
With irreversible brain damage...  
If they live.

Why  
In the 21<sup>st</sup> century  
Has the German govt  
And their implementing partner  
The United Nations  
Ignored pleas---  
Yes, pleas for ten years---  
From the World Health Organization  
To immediately evacuate and medically treat  
The children and the pregnant women  
The most vulnerable  
Who have the highest lead levels  
In medical literature?

Why  
In the 21<sup>st</sup> century  
Has the German govt  
Become involved in a camp  
Where almost 90 Gypsies have died  
Where the lead poisoning has caused  
Hundreds of miscarriages?

Why  
In the 21<sup>st</sup> century  
Has the German govt  
Ignored the pleas---  
Yes, the pleas----  
Of the European Council's  
Commissioner for Human Rights  
Begging Germany  
And only Germany  
Not to deport anymore Gypsies  
Back to Kosovo  
Where they might  
end up  
In this lead-poisoned camp?

Why  
In the 21<sup>st</sup> century

Has the German govt  
Turned a blind eye  
To the documentary films  
Made about this deadly camp  
By the BBC,  
Norwegian TV, French TV,  
Australian TV  
And even German TV?

Why  
In the 21<sup>st</sup> century  
Is the German govt---  
This time an elected  
And supposedly democratic govt---  
Targeting Gypsies  
Threatening Gypsies  
Transporting Gypsies  
Once again  
In large numbers  
Against their will  
To a camp  
That more than  
100 media outlets  
World-wide  
Have called  
A death camp?

WHY? WHY? WHY?

Deported to Hell
